# ZMART19

Job fair at Chalmers for Mechanical Engineering together  
with Automation and Mechatronics

## *Welcome*

With this fantastic collection of companies we are proud to present this year's edition of ZMART. On the coming pages you will find all the necessary information to get the most out of the fair. Please take your time to read about what the companies have to offer you now and what they can offer you in the future.

Our goal is to give you the best possibility to network, meet a future employer or maybe even find your dream job!

Finally, we want to thank everyone that contributed to making the fair possible, especially the ZMART-group who put in countless non-profit hours to make this fair as great as it has become. The companies look forward to meeting you and we hope that you will have a fun and rewarding day.

# **THE BANQUET**

THE ZMART-FAIR IS, AS YOU MAY HAVE GUESSED, AN EXTRAORDINARY EVENT THAT HELPS HUNDREDS OF STUDENTS NAVIGATE THROUGH THE JUNGLE OF EMPLOYMENT. BUT, WHAT HAPPENS AFTERWARDS - HOW DOES ONE DEAL WITH THE OVERWHELMING AMOUNT OF INFORMATION? GOING STRAIGHT HOME AFTER AN EXPERIENCE OF THAT KIND IS UNDOUBTEDLY STUPID IF YOU ASK US. THAT IS WHY WE EVERY YEAR THROW A SPECTACULAR BANQUET TO GIVE YOU A SENSE OF CLARITY - AS WELL AS ENJOYING A HELL OF AN EVENING.

THIS YEAR THE BANQUET WILL BE HELD AT THE MAGNIFICENT LA VENUE, A BUILDING WITH A HISTORY THAT STRETCHES 136 YEARS BACK IN TIME. HERE, MANY IMPORTANT DECISIONS HAVE BEEN MADE REGARDING SWEDEN'S SHIPPING INDUSTRY BOTH IN TIMES OF PEACE AND IN TIMES OF WAR. IN MODERN TIMES, THE VENUE IS MOSTLY UTILIZED FOR FESTIVITIES. BUT WHO KNOWS, MAYBE BIG DECISIONS WILL BE MADE DURING THE BANQUET REGARDING YOUR AND SWEDEN'S FUTURE.

PARTICIPATION IS UP TO YOU. EVERY COMPANY GETS ONE TICKET THAT IS DISTRIBUTED TO ONE STUDENT WHOM THEY FELT A GREATER CONNECTION WITH. MAKE SURE TO SEIZE THE OPPORTUNITY AND CAPTURE THE ATTENTION OF THE REPRESENTATIVES TO GET THE POSSIBILITY TO ENJOY THE BANQUET.

WE, THE BANQUET MANAGERS, WISH YOU A NICE FAIR, BUT ABOVE ALL A FANTASTIC BANQUET!

# ***THE ZMART FAIR***

# Home of the young professionals

[academicwork.se](https://academicwork.se)

Academic Work is the home of the young professionals. We offer jobs to students and academics in the beginning of their careers (0-5 years experience). That is our niche, our area of expertise and the target group we believe in. Academic Work operates in six countries and mediates over 16 000 jobs on a yearly basis. We offer qualified jobs within multiple business areas and the opportunity to form business relationships relevant for the future.

# Acobia - Integrator of Intelligence

A modern organisation focused on self-leadership.

In a world where technology is developing faster and faster, new opportunities are opening up all the time. We're developing a new way of working and collaborating in order to meet these demands.

By integrating organisations, people, and technology, we create serious benefits in business and the environment. We are now turning our gaze ambitiously towards creating a smarter world. At the same time, we are also tidying things up a bit and shortening our name to Acobia!

# • APTIV •

Aptiv is a leader in making safe mobility real. We have been supplying highly advanced driver assistance systems for nearly 20 years and were the very first technology provider to put radar on a car by taking technology from aerospace. Today, Aptiv continues to lead the industry in advanced safety technology. We know where the future of mobility needs to go – toward a safer, greener and better connected world for all of us. Our vision of a world with zero accidents and zero fatalities gives us purpose as we work every day to design and deploy active safety and autonomous mobility solutions globally.

Saving More Lives

**Autoliv**

# Autoliv

Saving More Lives

Autoliv, Inc. is the worldwide leader in automotive safety systems, and through our subsidiaries we develop, manufacture and market protective systems, such as airbags, seatbelts, steering wheels and pedestrian protection systems for all major car manufacturers. Our products save over 30,000 lives each year and prevent ten times as many severe injuries. Our 67,000 employees in 27 countries are passionate about our vision of Saving More Lives and quality is at the heart of everything we do.

Autoliv offers unique opportunities to work with exciting technology. In Vårgårda, airbags, belt systems, gas generators and special products are developed. We have test tracks and a modern production facility where we manufacture gas generators for airbags.

# Freedom to think creatively

---

Be yourself. Be bold, be brave. Be crazy enough to do what your heart tells you to do. Invent new ways to create differentiated technology.

Working with system integration in safety critical environments, we have a proven track record of developing and industrializing differentiating technology within vehicle automation, maneuvering, X-by-wire systems, and control of hybrid drivelines. Our clients are global renowned brands within the commercial transport industry, both within and outside the Volvo Group.

Our corporate culture has been one of our key success factors. It is characterized by strong entrepreneurship, responsibility, openness and lack of prestige. To thrive here, we believe that you need to like working in a creative and fast paced environment with all its pros and cons.

# Fyra smarta skäl att bli studentmedlem i höst.

BLI MEDLEM IDAG OCH FÅ KRAFTER UTÖVER DET VANLIGA UNDER HELA STUDIETIDEN.

# 1

## Du betalar bara 100 kronor för medlemskapet.

Du betalar bara en gång och det gäller oavsett vad eller hur länge du pluggar. För 100 kronor får du förmåner och tjänster till ett värde av tusentals kronor. Vad sägs om en förmånlig hemförsäkring, rabatt på tidningar, elektronik, resor och exklusiva inbjudningar till några av Sveriges bästa föreläsare? En superdeal för dig som student med begränsat budget.

# 2

## Någon att fråga om allt. Nästan i alla fall.

Vi kanske inte har superkoll på dina tentafrågor, men när det kommer till arbetsliv och karriär kan vi det mesta. Är du osäker på vad som är normalt på extra- eller sommarjobb, hur ett bra cv ska se ut eller vad du ska begära i ingångslön? Kontakta oss. Vi vet.

# 3

## Vi är störst. Och det tjänar du personligen på.

Unionen är Sveriges största fackförbund för tjänstemän i det privata arbetslivet. På svenska betyder det att de flesta ingenjörer, ekonomer, jurister och chefer som inte jobbar inom kommun eller landsting väljer att bli medlemmar hos oss\*. Och ju fler vi blir, desto bättre blir det. Att vara många är liksom hela poängen med facket. Det betyder också att vi finns nästan överallt i svenskt arbetsliv. Därför har vi grym koll, oavsett var du hamnar.

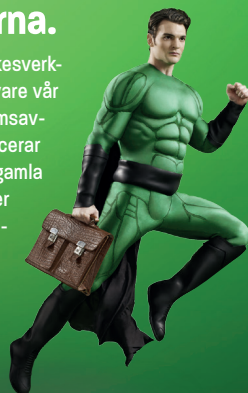

# 4

## Vi har de bästa examenspresenterna.

När du tar examen och uppdaterar ditt Unionenmedlemskap till yrkesverksamt betalar du bara 100 kronor i medlemsavgift första året. Tack vare vår **NY PÅ JOBBET-RABATT** sparar du upp till 2 600 kronor (ord. medlemsavgift är ca 2 700 kronor). När du uppdaterar ditt medlemskap kvalificerar du dig dessutom för vårt **LITTERATURSTIPENDIUM**. Skicka in dina gamla kvitton för kurslitteratur eller annat kursmaterial, så ger vi dig över 3 000 kronor för dina utlägg. Varför? Eftersom kunskap och kompetens är något av det viktigaste vi vet här på Unionen.

Bli medlem idag och läs mer på  
[unionen.se/student](https://unionen.se/student)

\*Unionen organiserar bara medlemmar som jobbar på privata företag och organisationer, eftersom det är det vi kan bäst och där vi förhandlar fram anställningsvillkoren. För kommun och stat finns våra systerförbund Vision och ST.

**unionen**  
STUDENT

# UNIONEN

## STUDENT

Unionen is Sweden's largest trade union on the private labour market and the largest white-collar trade union in the world. As a Unionen Student member you are entitled to our services which aim at making you better prepared for the working life. We help you with:

- CV and personal letter-review
- Expertise on your LinkedIn-profile
- Prepare you for job interviews
- Advise you on matters regarding labour laws  
employment contracts and salaries

When you update your student membership to a working membership, you can apply for compensation up to 3 425 kr for costs during your time as a student member, such as course literature and student union fee.

**VIRTUAL**  
manufacturing.

Virtual Manufacturing is a supplier of lean-based production and logistics development services. We believe in and are willing to take on the challenge of combining technology, methods and hard work around production development in order to achieve results. This is carried out both in the virtual and physical world, before and after the start of production. By using new approaches and perspectives we help leading companies in the manufacturing industry achieve "operational excellence" faster. Welcome to join us in creating value in your production "The Virtual Way".
